Inspire • Organize • Dedicate • Evaluate • Reflect

Last October, we had the privilege of meeting approximately one hundred outstanding high school juniors and seniors from across Indiana. These students were invited to be a part of the annual Indiana Service Leader Summit. Each Service Leader participated in a number of activities, including talking with other inspirational Hoosiers who have dedicated their lives to volunteering and helping complete a successful community service project in the state's capital. In addition, each Service Leader was honored for his/her personal involvement. We are pleased to note that since the Service Leader Summit, a number of the students' good work has continued. Some past participants have even gathered together to create group service projects across Indiana.

Once again, we are looking forward to hosting students from each Indiana high school who show talent in leadership and a dedication to community service. The sixth annual Indiana Service Leader Summit will be held this fall in Indianapolis. We encourage you to select two Service Leaders from your school or organization to attend.

We strongly believe that community service is an integral part of American citizenship. It is our hope that the Service Leader Summit will not only bring to light the great work that is already being done by Indiana's youth, but will also inspire other Hoosiers to seek new involvement in their communities. We are looking forward to meeting your Service Leaders this fall.
